OUR ONGOING MISSION

Year 2009 TO PRESENT: For ten years now, PHCAA and PNA AUST members are the proud volunteers and donors of various charity programs which serviced the remote islands and towns in the Philippines. In partnership with The Rotary Club, Operation Restore Hope, Pharmaceutical Companies, Medical Practitioners and Specialists, we continue to provide consultations, medications, medical supplies and aids to the most needy in the Philippines. Our members-on-mission and volunteers personally shoulder 100% of their travels and incidentals which means that monies received and raised go straight to the purchase of the much needed medical supplies for the recipient. Thank you all!!! Together, we made a difference!!! Web: www.pnaaust.org.au
